DDI-3572-73

19 June 1973

MEMORANDUM FOR: Mr. Edward Proctor, DDI

SUBJECT : Possible Questions for the Dinner Session with MAG, 26 June

MAG members have suggested that you might consider addressing some of the following:

1. What is the Agency's effort to get feedback from consumers of intelligence?

2. What has been and will be the impact of recent format changes on intelligence production?

3. What are your views on the NIS Program?

4. How much and what kind of impact are intelligence products having on our primary consumers?

5. What have been the results of increased interaction between the DDI and the DDO?

6. Is there some use in having field stations report in greater detail or in other formats to assist the analytical function? What are the pros and cons of the issue of information support from DDO officers?

7. With the requirement for DDI-DDO coordination of finished intelligence, what can be done to facilitate the flow of sensitive intelligence to the working levels?

8. What is the status of the National Operations Center? What advantages and disadvantages does it present?
